

Pre-trip inspection course: heavy vehicles

An effective pre-trip check saves lives and money

A pre-trip inspection can pick up developing hazards that can cause serious issues – ones that can become life-threatening, such as loose wheel nuts.

But are your truck drivers able to do a comprehensive pre-trip inspection? This course can teach your drivers how to complete a gold-standard pre-trip check in just 5-10 minutes.

The course is broken down into 11 convenient modules:

- Approach checks
- Engine checks
- In the cab
- Exterior checks
- Wheels and logbooks
- Moving away
- Combination vehicles*
- Dangerous goods*
- Tippers and hydraulic systems*

*Optional modules. Course takes around 45 minutes with all modules or 35 minutes without optional modules.

This course was co-produced by TR Driver Training and DT Driver Training and is exclusively delivered at www.drivingtests.co.nz.

How does the course work?

The course is available on a smartphone, tablet or computer wherever you have internet access and it's a fraction of the cost of sending your driver to an off-site course. You can track your driver's progress through the course and generate a certificate of achievement once they have finished.

Who is this course suitable for?

- All heavy vehicle drivers – class 2-5
- Transport managers
- Drivers about to take a class 2 licence
- Mechanics and technicians

How much will it cost your company if one of your drivers has an incident? A lot more than the \$30 it costs for them to take this course.
